

Gardens That Care Project

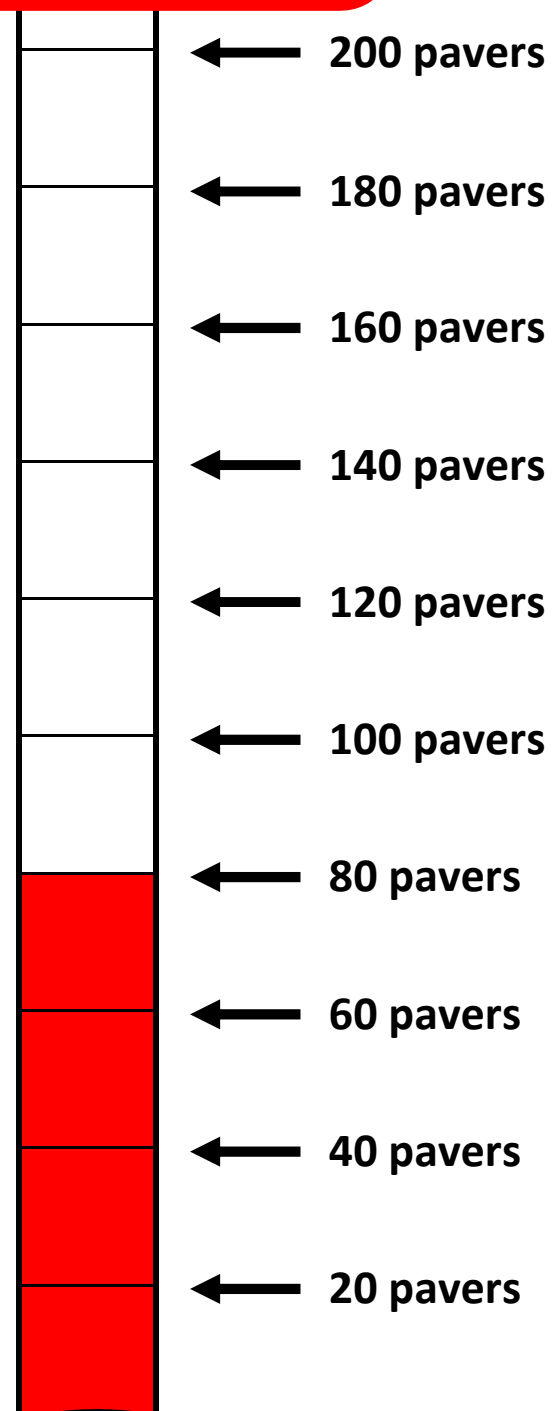

Sell a Paver for our path or memorial wall.

We are raising funds to support our Gardens That Care Project. The Garden design has been formulated to include healing, sensory and meditation areas with horticultural therapy and therapeutic landscaping through out the design.

Parts of the landscaping will include:

- Dementia specific garden areas
- Mobility garden
- Rehabilitation garden
- Community Garden Area
- Raised Garde Beds.
- Shade and seating areas.

Throughout the garden there will be dedicated pathways & a memorial wall and we invite you to be part of it by way of purchasing a named paver to be inserted in the path.
